Subject: DTSC News Feed

DTSC News Feed is a weekly email that pulls together short updates and internet links to keep you informed about the latest accomplishments and news highlights at the California Department of Toxic Substances Control (DTSC).

June 11, 2015

- DTSC received a \$400,000 grant from the U.S. EPA to fund assessments of environmentally impacted communities in Southern California.
- The first meeting of the Exide Advisory Group was held at the Resurrection Church in Boyle Heights.
- The U.S Navy transferred more than half of the adjoining Treasure and Yerba Buena islands to the city of San Francisco. It is the first major ownership transfer that could lead to new homes, businesses and open space on the former Navy sites.
- DTSC is overseeing the removal of soil containing arsenic at the California High School football stadium construction site in Whittier.
